- People who are hurt
- People who have an allergy

Prepare for korean body scrub

1. Go to the changing room and take off all of your clothes including rings , earrings , glasses and other accessories.
2. Go to the bath room and rinse off in the shower.
Please do not use body shampoo or soap .
If you use it, the skin gets too slippery to scrub properly and the dead skin rolls doesn't come off.
3. Soak for 20~30 minutes in hot water.
Soaking in hot water causes the skin to wrinkle faster.
4. Come to the korean body scrub room on time.
It's located near the enterance of the bath room.
5. Relax.
